Good morning, Nathan.

I will get this into the hands of your alderman, Nick Stoekel so it can be added to our committee meetings on March 25<sup>th</sup>. I am copying our deputy clerk and she will assist in getting your message to Nick and to add it to the agenda.

Thank you,

John

Hello sir,

My name is Nathan. I had reached out to my alderman on February 20<sup>th</sup> requesting representation on a possible parking law change on my street. The email was sent about a week before a city council meeting but I have yet to hear a reply or acknowledgement that the email was received. Pasted below is the email for your possible consideration. Myself and the residents of Henninger Street appreciate your time.

**Email sent 2/20/2024-**

Hi Mr. Neumann,

My name is Nathan Vinz and I was reaching out to you regarding a potential change request for our street parking laws on N Henninger Street in front of the Elementary School.

I have lived here in Mayville on Henninger for over 5 years, and it has always been law that we cannot park on the street during school hours. Over the years, we have received many parking tickets due to forgetfulness on Sunday evenings, or during a brief stop at home before leaving again. Myself and others that live on this stretch of Henninger, have become very acclimated to the drop-off schedule and bus routes. I feel that parking on the school side of the street during school hours, should not be allowed because this indeed hinders people's ability to drop off their child and can clutter up the flow of traffic. However, from my time living here I have never seen any reason that should prevent us from parking in front of our houses during any hours (with the exception of standard winter parking laws). The street widens nicely on the school block, traffic would be able to flow smoothly even with vehicles parked on the house side and school side during drop-off. Also, buses drop off on the Breckenridge side in the parking lot, so there is no interference from any vehicles on Henninger. I believe it would be a great improvement to the quality of living on this street to have the freedom of parking in front of our houses to eliminate the, "musical cars" game some of use need to play with multiple vehicles, a trailer, different work schedules, etc to prevent being ticketed.

I hope this can be put into consideration, and if you have any questions please don't hesitate to reach out.

Thanks!

-Nathan Vinz
