B. Snow Operations Report.

DPW did go out and do a light salting operation on Saturday. We only had 2-3 inches of snow and the temperatures were good. Salt supply is excellent. Equipment all ran well, however some changes are being made to some of the routes this year, with a snow pusher cleaning cul de sacs, and some of the main parking lots.

C. Day to Day Operations.

DPW is installing aerators on the dam. Scott is busy with electrical work. There will be only one brush pick-up each month during the winter months. Need to finish up the tree trimming on plow routes.
