Item #3 – Citizens Comments.

Tom Jacquot, 414 Jansen Ave- 4 way stop at John and Ruedebusch and Clay hauling. Concerned why there needs to be a 4 way stop unless it's for speed control. Suggestion is a 3 way stop sign at John and 4th street. He was wondering how much the city gets for Advanced Disposal to use John Street rather than Main. Clay hauling: has the city been notified of the dates? Clay hauling time restrictions set by city has not been followed. Why is there no enforcement?

Item #11 Discuss with possible action of making intersection of John Street and Ruedebusch a 4-way Stop.

Chief MacNeill has concerns on this. DOT says we cannot use stop signs for speed control. Installation of a 4 way stop must be based on an engineering study as well as crash data, which we do not have. Chief MacNeill would suggest other alternatives for speed control. The Chief will talk with DPW on warning signs.
