HYDRANT FLUSHING OCTOBER 10 THRU OCTOBER 13

The Mayville Water Utility will be flushing hydrants and mains for the semi-annual pressure, flow and maintenance check. Hydrants will be flushed October 10 through October 13; 5:00 a.m. to 3:00 p.m. This work is done twice a year to determine the efficiency and adequacy of the distribution system in transmitting water.

Any questions concerning your water during the above times will be answered by calling 387-7906.

Nathan Kempke
Director of Utilities
