Motion by: Brian Thom, 2nd by: Renee Junod, Motion Passed 5-0

4. Building s Report

Buildings and shelter rentals are very strong and will continue that way thru the rest of the year. The Pavilion building supplies are going to be delivered in the next week and the work will be started in the next few weeks. We are planning to block off any weekends that are not rented at the Pavilion in the next couple months for the company doing the work on the Pavilion to keep going and complete all the work on this building.

5. Grounds Report

Mulch was added to the playground areas. We are just working every week to keep the parks clean, mowed and trimmed for everyone to use.

6. Tree Program Update

We have now taken 13 tree orders in for the Tree Program. Next month they will all have to be voted on by the Board to move forward. The trees have all met the criteria set forth by the guidelines of the program.

7. Parks Projects Update

The Frisbee golf course is set to start construction and the framing process this week and should be totally completed in a few weeks. This is a great addition to the Parks in the City. We started getting quotes to see what the

cost will be to put in a walking track around the Tag Center. This project will be 100% fundraised with no cost to the City.

8. New Parks Project Ideas

A few new ideas to add activities in the Parks are an archery range and a swim platform in front of the kayak launch. Both of these ideas are just in the idea stage and much more research is need before it is even brought to council. More details to come.

9. Senior Center Report

The seniors are playing cards daily and playing bingo a few times a week. They want to add bags to their activities list starting in the fall. We are holding off on looking into any bus tours since Covid is back in the news.

10. Rec Report

No rec report from Doug as he is on vacation this week.

11. Date and time of the next Park and Rec board meeting

Tues Sept 21st 6pm at the Tag Center

12. Adjournment
