## PUBLIC NOTICE OF WATER/WASTEWATER TREATMENT PLANT DISCHARGES TO THE ROCK RIVER

On August 8, 2021 from 1:35 AM to 3:05 AM, the Mayville Wastewater Treatment Plant was bypassed into the Rock River. An estimated total of 171,500 gallons of raw sewage was discharged directly into the river in an effort to prevent property damage. The bypassing occurred due to heavy rains infiltrating the sanitary sewer system and overwhelming the Wastewater Treatment Plant. This is a warning to use caution around the Rock River to the west of the intersection of Kekoskee Street and Walnut Street as raw wastewater was diverted into the river at that location.

Any questions, please call (920) 387-7906.
