## 2025 Asphalt Milling/Paving Road Projects

May 21, 2025

The City of Mayville will be starting the 2025 Asphalt Milling/Paving project within the next week. The streets that have been included as part of this project are as follows:

- Easy Street (N. German St. to End)
- North High Street (Hill St. to Hyland Trail)
- Iron Lane ((Furnace St. to N. Main St.)
- River Drive (Green Bay Dr. to S. German St.)
- Tower Drive (High St. to End)
- Rae Lane (Breckenridge St. to End)
- Riverview Heights (N. Main St. to End)
- Springbrook Court (Breckenridge St. to End)

Northeast Asphalt Inc. is the contractor for the project. They will begin removing the existing asphalt pavement on Tuesday, May 27, 2025, starting with River Drive and then continuing to work west across the City. The grading, pavement base repair work, and paving will take place throughout the project area during the next month. The contractor is tentatively scheduled to begin paving the week of June 19<sup>th</sup>. Due to scheduling and/or weather, these dates are subject to change. Residents and business owners within each of the project areas are being asked not to park on the street once construction has started. Residents will have limited access to their properties and may encounter temporary closures during this time. The project limits for each of the streets will be marked prior to the start of construction.
