

Welcome to Mayville!

It's an honor to welcome you to our charming city nestled along the banks of the Rock River. Having recently celebrated its 175th anniversary, Mayville offers a breadth of attractions and year-round events that reflect our proud history and way of life.

Come see and appreciate the quaintness and charm of Mayville's Main Street, lined with a variety of shops, restaurants, and beverage establishments for you to explore. During the Summer months, Mayville opens a block alongside Main Street with tables and a stage, often hosting live music events for the public's enjoyment while enjoying a meal or beverage.

We have great schools, excellent public safety and we also have services available here that you would expect to only find in a larger city...everything mentioned above plus a variety of local retailers, grocers, gas stations, hotels and we are soon breaking ground on a new state-of-the-art library. If you are into fitness, our 57,000 square foot aquatics and fitness facility known as the TAG Center offers many amenities for you to try.

Mayville is a year-round outdoor paradise that offers over 200 acres of parks with amenities such a disc-golf course as well as kayaks for the public to enjoy. We have golf in Mayville and several courses nearby. Our Riverwalk is accessible year-round and connects with miles of paths and quiet country roads for you to explore. The neighboring Horicon Marsh is the largest freshwater marsh in the US offering incredible birdwatching and expansive views whether you are hiking or visiting one of its Visitor Centers nearby. There are numerous public access hunting spots for you to try as well.

A center of industry, our housing is affordable, and our workforce is talented. We're just an hour away from three international airports, making it very easy to travel to and from Mayville for work or vacation.

Simply put, Mayville is a fantastic city in which to live, work or play.

Thanks again for stopping in!

John Guinn
